Mensura Securities, LLC

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

1. ORGANIZATION AND NATURE OF BUSINESS

Mensura Securities, LLC (the "Company") was formed in the State of Delaware on February 9, 2009. The Company is a registered broker-dealer with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company received its approval for membership on December 23, 2009. The Company is an independent mergers and acquisitions advisory firm.

From the Company's formation until October 14, 2010, the Company's sole member was Mensura Holdings, LLC ("Mensura Holdings"). On October 15, 2010, the ownership of the Company was distributed to the members of Mensura Holdings, which simultaneously contributed their ownership in the Company to Asidero Holdings, LLC ("Asidero Holdings", "Member") who became the sole member. On March 31, 2015, Mensura Holdings was merged with Asidero Holdings (the surviving entity) and Asidero Holdings changed its name to The Mensura Companies, LLC ("TMC"). On April 15, 2015, TMC changed its name to Mensura Holdings. The Company's manager is Mensura Holdings, which is managed by Principito Holdings, LLC, which is managed by Alexander Graham.

Since the Company is a limited liability company ("LLC"), the Member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the Member has signed a specific guarantee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Company maintains its books and records on the accrual basis of accounting for financial reporting purposes, which is in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") and is required by the SEC and FINRA.

Cash and Cash Equivalents

The company considers all highly liquid investments with a maturity of three (3) months or less when purchased to be cash equivalents.

Revenues from Contracts with Customers

Revenues from contracts with customers are comprised of investment banking and advisory fees. Such fees are recognized at the point in time when the Company's performance under the terms of the contractual arrangement is completed, which is typically at the close of a transaction. Reimbursed expenses related to these transactions are recorded as revenue and are included in investment banking fees. However, advisory fees for certain contracts are recognized over time, as obligations are simultaneously provided by the Company and consumed by the customer, as services are provided. The Company identifies the specific performance obligation associated with the contract with the customer and determines when that specific performance obligation has been satisfied, based on achievement of milestones and/or a time elapsed measure of progress. In certain transactions, the performance obligation is considered satisfied at a point in time in the future and the Company defers revenue on the balance sheet that will be recognized upon completion of the performance obligation.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recently Adopted Accounting Guidance

Effective January 1, 2018, the Company adopted ASU 2014-09, which provides guidance on the recognition of revenues from contracts and requires gross presentation of certain contract costs. This change was applied prospectively from January 1, 2018 and there was no impact on our previously presented results. The adoption of the new revenue standard resulted in no change to beginning members' equity.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fixed Assets

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, ranging from three to seven years. The Company follows the policy of capitalizing all major additions, renewals, and betterments. Minor replacements, maintenance, and repairs are expensed currently.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management individually reviews all accounts receivable balances and, based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. At December 31, 2018, there was no allowance for doubtful accounts.

Income Taxes

The Company is an LLC taxed as a partnership for income tax reporting purposes and, as such, is not subject to income tax. Accordingly, no provision for income taxes is provided in the financial statements.

The Company has adopted the provisions of FASB Accounting Standards Codification ("ASC") 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status and the decision not to file a return. The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

The Company, as a sole member LLC, files income tax returns in the U.S. in both federal and state jurisdictions on a consolidated basis under Mensura Holdings, LLC. With few exceptions, Mensura Holdings is no longer subject to U.S. federal, state, or local tax examinations by taxing authorities for years before 2014.
